Farm Equipment Mechanic / Farm Hand

Position Overview

Worker would handle the mechanical work on various farm equipment, welding, construction, field work, and other duties assigned.

Mechanical Duties

Service and repair farm equipment, which consists of over 30 tractors and various engines and includes vehicle maintenance, power tool repairs, mower repair, small equipment repair and metal fabrication and layout.

- Perform thorough maintenance on machinery and equipment
- Troubleshoot reported problems and resolve in a timely manner
- Conduct repairs aiming for maximum reliability
- Clean and apply lubricants to machinery components
- Replenish fluids and components of engines and machinery
- Keep logs of work and report on issues
- Fabricate equipment, attractions and other items as needed

Field Work

- Spring/Fall Tillage, all types of mowing, hay production and spraying fence rows
- Other duties as assigned

Requirements

- High School or equivalent
- Frequent lifting, standing and pushing/pulling
- At least 2 years mechanic experience
- Experience driving farm equipment, skid loaders and mowers

Our compensation is competitive and based on skills and experience. Full-time employees receive the standard Center Grove Orchard benefits package, including paid time off, IRA program, etc.

Send resume to staff@centergroveorchard.com. If more information is needed, please call 515-383-4354 and ask for Karen Mahoney or Steve Black.

With the right skills and experience, a part time position would be considered.
